

Want to . . .
REDUCE Packer/Grower Waste
REDUCE In-Store Waste
REDUCE Consumer Waste
IMPROVE Quality and Take Out Costs?

FRESH `N` SMART TECHNOLOGY

Modified Interactive Packaging (MIP)

- Increases in-store shelf-life and home-life
- Allows use of less expensive transports, like surface shipping versus air freight
- Reduces CO₂ emissions by using ocean freight versus air freight
- Reduces packaging materials with less waste going to the landfill
- Extends seasons and balances seasonal peaks
- Does not require chemical treatment, reduces preservative treatments required in other packaging methods
- Prevents dehydration and subsequent weight loss, requiring less overages
- Minimizes condensation, inhibiting the development of micro-organisms which cause decay
- Allows fruit to ripen "on the vine" longer before harvesting capturing natural flavor and retaining nutrients
- Retains nutritional value of produce

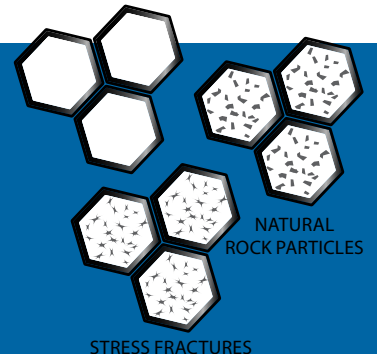

FRESH `N` SMART
PACKAGING

STANDARD PACKAGING

NATURALLY ACTIVATED EARTH CONCENTRATE PARTICLES
CREATE MINUTE STRESS FRACTURES BIG ENOUGH FOR OXYGEN,
GASEOUS WATER VAPOUR AND CARBON DIOXIDE MOVEMENT.
THIS UNIQUE TECHNOLOGY ALLOWS PRODUCE TO CREATE ITS
OWN DESIRED ATMOSPHERE REDUCING RESPIRATION RATES,
ALLOWING THE PRODUCE TO "GO TO SLEEP".

COMPOST-READY™ Packaging

COMPOST-READY™ products are blends of co-polyester and PLA (GM free) which can contain up to 100 % natural resource material. These bioplastics replace conventional materials such as LDPE, HDPE, PS and PP.

COMPOST-READY™ films are thin, printable, have high tensile strength, and can provide a high barrier against humidity, oxygen and aromas or alternatively provide adequate permeability (“breathability”).

- COMPOST-READY™ FILMS ARE ALL FOOD CONTACT APPROVED
- COMPOST-READY™ FILM'S DO NOT CONTAIN HARMFUL ADDITIVES. BIOPLASTICS ARE PLACED ON THE MARKET IN CONFORMITY WITH RELEVANT LAWS E.G. COUNCIL DIRECTIVE: 67/548/EEC
- COMPOST-READY™ FILMS GUARANTEE TO BE FREE OF GMO
- EACH COMPOST-READY™ FILM HAS INDIVIDUALLY BEEN GRANTED CERTIFICATION BY DIN CERTCO EN13432, ALSO AIB VINCOTTE AND OK CO POST CERTIFIED

THE HIGH CLARITY OF OUR FILM, OUR EXCEPTIONAL PRINT QUALITY AND OUR SUPERIOR CUSTOMER SERVICE SETS US APART FROM OUR COMPETITION.

LET US HELP YOU SET YOURSELF APART.
